Supplies:

2 pieces $\frac{3}{4}$ " PVC cut to 5' 3"

2 pieces $\frac{3}{4}$ " PVC cut to 3' 3"

2 90⁰ corners $\frac{3}{4}$ " PVC

4 T's $\frac{3}{4}$ " PVC

4 end caps $\frac{3}{4}$ " PVC

4 legs $\frac{3}{4}$ " PVC cut to 10" long

2 short pieces cut to 1 $\frac{1}{2}$ " – $\frac{3}{4}$ " PVC

Sandpaper

Vaseline & Glue (optional)

Directions:

Sand the ends of crossbars and uprights until pieces fit together well and come apart easily. Do not force pieces together if they fit too tightly. You may want to use Vaseline at the joints to make sure they come apart. You may also want to permanently glue the feet pieces together.
